DECLARATION

We, the undersigned students of 6th semester Computer Science & Engineering, Navkis College of Engineering, Hassan. Solemnly declare that our project work entitled “**SPORTS EVENT MANAGEMENT SYSYTEM** ” is a bonafide work of ours. Our project is neither a copy nor by means a modification of any other engineering project.

We also declare that this project was not entitled for submission to any other university in the past and shall remain the only submission made and will not be submitted by us to any other university in the future.

ACKNOWLEDGEMENT

It is a great pleasure for us to acknowledge the help of many individuals without the help of those this Project would not have been fruitful.

We take this opportunity to express our sincere gratitude and respect to the **Navkis College of Engineering, Hassan** for providing us an opportunity to carry out Project.

We are ardently thankful to **Dr. H S Mohana**, Principal, **Navkis College of Engineering, Hassan** for their encouragement and useful suggestions for carrying out this successfully.

We acknowledge with a deep sense of obligation, the encouragement given by **Dr. Myna A N**, Associate Professor and Head, Department of Computer Science and Engineering, **Navkis College of Engineering, Hassan**.

We greatly acknowledge our guide **Ms. Sunita Bali** Assistant Professor, Department of Computer Science and Engineering, **Navkis College of Engineering, Hassan** for providing the required impetus and helping us for carrying out this Project successfully.

We respectfully thank all the **Faculty Members** and **Staffs** of the Department of Computer Science and Engineering, **Navkis College of Engineering, Hassan** who had us in the completion of this Project.

We would like to thank all our **Friends**, who helped us directly or indirectly in the successful completion of this Project. Lastly but most importantly, we are thankful to our beloved **Parents and other Family members**, without whose blessings and constant inspiration this Project would not have been a success.

LIKITH GOWDA A N (4YG20CS021)

ABSTRACT

The **Sports event management system** is a project where players can find the details of various games and the information of the sports events ,coachers, sponsors and where the games are being conducted. Admin will add all the collected information in the project where players can see and get register for the to various sports events. Sports event management system is not only rewarding but it also helps the programmer to quickly organize the sports events and lists in short interval of time. It will be able to check anything related to sports at any time . Paper work and manual work is reduced through this system. The proposed project aims to develop an integrated system that streamlines the various aspects of sports event management, including pre-event planning, operational logistics, marketing and promotions, participant registration, venue management, and post-event analysis. This project was expected to be one of the most useful Systems for players and programmer because By using this system they can save the lot of time and effort. The players can easily get the information from anywhere and Players can register for the sports event through online, So This system is user friendly and easy to use.
